

**GALLEGOS
SANITATION
INCORPORATED**

The ABC's of Trash Service

The A's

**ALWAYS KEEP THESE ITEMS
OUT OF YOUR TRASH CART**

- Motor oil
- Electronic waste
- Hazardous waste & materials
- Liquid paint
- Construction waste
- Needles or syringes
- Cooking oil: This can be disposed of if solidified. Add kitty litter to solidify.
- Tires
- Dirt, sod, brick, concrete or rock
- Loose or hot ashes, coals, or other flammable materials such as solvents, oil, gas, or paint
- Dead animals: Please contact your local Humane Society for assistance.

The B's

BE AN EARLY BIRD - Get your trash and recycling to the curbside by 7a.m. on your pick-up day.

BE WIND-WISE - We recommend "bagging" all trash to prevent/reduce litter, especially during the windy season.

BE AN INSIDE-THE-CART CUSTOMER - If you have extra trash, it must be placed in a teal GSI trash bag. They are sold for \$3.25/BAG and come in bundles of 5 or 10 bags/pkg.

BE CART AWARE - If you set your trash out in an alley, we encourage you to use the cart stickers, provided by GSI, to write your name down; then place the sticker on your cart.

BE A GOOD COMMUNICATOR - Contact us immediately for the following reasons:

- If you believe your service was skipped.
- If you are going to have extra trash or large bulky items for removal then contact us at least 24 hours in advance of your scheduled pick-up day.
- If you need a "Special Pick-up" of LARGE items on a day other than your regular pick-up day.

The C's

CART PLACEMENT REMINDERS

- Place carts at least two (2) feet apart and 2-foot away from parked cars, recycling bins, fences, mailboxes and other obstructions.
- Place carts with arrow (on the lid) facing the street and the handle facing your house.
- Place cart wheels as close to the curb as possible.
- AVOID having materials too tightly compacted (over-stuffing the cart). This may result in an incomplete service by our automated trucks.
- Lid of cart must be closed (flat) or extra charges will be applied - perhaps a *slight push on the lid* will close it flat.
- Do not place anything on top of cart.
- Unhook any temporary bungee cords or tie-down rope you may have used to secure the lid.
- Do not place dirt, sod, brick, concrete or rock in the cart.
- Keep debris from construction, remodeling or demolition out of the cart.

**Remember:
Your cart lid
should open
toward the
street.**

Dear Town of Kersey Resident:

We are excited to inform you Gallegos Sanitation, Incorporated has been named the **EXCLUSIVE HAULER** for trash service for your community. As a new customer of GSI's you will receive a 95-gallon teal trash cart.

Getting to Know Gallegos Sanitation, Incorporated

Simply said, GSI has successfully hauled waste in the Northern Colorado community since 1959. We offer the highest level of community involvement and the best in Service, Safety, and Sustainability.

Service:

- Our equipment is new, route personnel are uniformed, drug tested and receive ongoing Smith Driver Training.
- Trash routes are supervised daily to ensure quality, good conduct, and professionalism.
- Never miss a trash day! With GSI's weekly email notifications, you are reminded of your upcoming trash day, as well as any delays to your service due to weather, holidays, or road construction.

Safety:

- Drivers are monitored through a GPS tracking system, which oversees their speed and the location. Our trucks are equipped with back-up and in-cab cameras, as well.
- A dedicated GSI safety committee holds meetings each week for truck drivers and helpers for further education.

Sustainability:

- We offer community clean-ups, equipment for special events, parties, and more. In addition, GSI has varying sized dumpsters, roll-offs, and portable restroom rentals available.
- We are a proud member of the Greeley Chamber of Commerce, A+ member of the Better Business Bureau, and provide a great deal of community education to varying schools in Weld County.

Important Dates & Information.

- You do not need to set-up your service. The Town of Kersey and GSI have taken care of this.
- Your trash service will be weekly and occur on Tuesdays.
- You will be billed through your local utility department.

**YOUR 95-GALLON TRASH CART WILL ARRIVE ON
Saturday, December 28, 2019.**

**YOUR FIRST TRASH PICK-UP DATE IS
Tuesday, January 7, 2020.**
