SANITATION  
INCORPORATED**

## The ABC's of Trash Service

### The A's

**ALWAYS KEEP THESE ITEMS  
OUT OF YOUR TRASH CART**

- Motor oil
- Electronic waste
- Hazardous waste & materials
- Liquid paint
- Construction waste
- Needles or syringes
- Cooking oil: This can be disposed of if solidified. Add kitty litter to solidify.
- Tires
- Dirt, sod, brick, concrete or rock
- Loose or hot ashes, coals, or other flammable materials such as solvents, oil, gas, or paint
- Dead animals: Please contact your local Humane Society for assistance.

### The B's

**BE AN EARLY BIRD** - Get your trash and recycling to the curbside by 7a.m. on your pick-up day.

**BE WIND-WISE** - We recommend "bagging" all trash to prevent/reduce litter, especially during the windy season.

**BE AN INSIDE-THE-CART CUSTOMER** - If you have extra trash, it must be placed in a teal GSI trash bag. They are sold for \$3.25/BAG and come in bundles of 5 or 10 bags/pkg.

**BE CART AWARE** - If you set your trash out in an alley, we encourage you to use the cart stickers, provided by GSI, to write your name down; then place the sticker on your cart.

**BE A GOOD COMMUNICATOR** - Contact us immediately for the following reasons:

- If you believe your service was skipped.
- If you are going to have extra trash or large bulky items for removal then contact us at least 24 hours in advance of your scheduled pick-up day.
- If you need a "Special Pick-up" of LARGE items on a day other than your regular pick-up day.

### The C's

#### CART PLACEMENT REMINDERS

- Place carts at least two (2) feet apart and 2-foot away from parked cars, recycling bins, fences, mailboxes and other obstructions.
- Place carts with arrow (on the lid) facing the street and the handle facing your house.
- Place cart wheels as close to the curb as possible.
- AVOID having materials too tightly compacted (over-stuffing the cart). This may result in an incomplete service by our automated trucks.
- Lid of cart must be closed (flat) or extra charges will be applied - perhaps a *slight push on the lid* will close it flat.
- Do not place anything on top of cart.
- Unhook any temporary bungee cords or tie-down rope you may have used to secure the lid.
- Do not place dirt, sod, brick, concrete or rock in the cart.
- Keep debris from construction, remodeling or demolition out of the cart.

**Remember:  
Your cart lid  
should open  
toward the  
street.**

# TOWN OF KERSEY RESIDENTS

## CART PLACEMENT 101

Follow these guidelines to avoid service interruptions on your trash day.

### TIPS:

#### DISTANCE

Always keep at least 2ft between your carts, so our automated trucks can service them.

#### PLACEMENT

Place your carts so they touch the curb when in the street.

#### SHOVEL

Make sure to clear your sidewalk area of snow.

#### DO NOT

Carts should not be placed on the sidewalk. This is a violation in many towns.\*

\*Due to pedestrian safety concerns

#### AVOID

Do not park close to low-hanging trees, mailboxes, vehicles or other obstructions.

### Recollect

Be in the know! Sign-up for GSI's weekly service reminders at [GSIwaste.com/recollect](http://GSIwaste.com/recollect).

### Orange Tag

As a courtesy, GSI's driver may leave an orange tag on your cart indicating any delays to your service.

### 2020 Holiday Schedule

GSI will be closed on these holidays. \*\*Your service will be delayed by one day.

- New Year's Day January 1st
- \*\*Memorial Day 25th
- Labor Day September 7th
- Thanksgiving November 26th
- Christmas Day December 25th
